What we offer

Inplant Training

Internship Training

What is Reconnaissance

Reconnaissance

- Act of locating targets and developing the methods necessary to attack those targets successfully
- May be extremely flexible and creative

Reconnaissance is not by definition illegal

- Many reconnaissance techniques are completely legal

WIKITECHY

Some Legal Reconnaissance

Legal activities

- Looking up all of the information about a company available on the Internet
- Calling with a problem requiring customer service assistance
- Interviewing a member of the staff for a school project
- Physical entry of a facility, including attending a tour of the facility
- Making friends with somebody who works there or used to work there

Some Illegal Reconnaissance

Illegal activities

- Developing a “front” company for the purpose of robbing or defrauding
- Stealing garbage
- Entering a home or office to look for information
- Dropping a keylogger
- Leaving a sniffer

Web Trackers

Web Trackers are third-party resources loaded onto a webpage. Trackable resources include social sharing widgets, javascript files, and images. These trackers can be used to monitor individual user behaviour across the web. Data derived from these trackers are primarily used for advertising or analytics purposes.

7 known trackers were identified.
